What is a strategic plan?

Strategic Plans are **important tools** that are built from **public input** and help people **understand the County's vision** and the **direction it is taking and why**.

FRAMEWORK

Our Journey

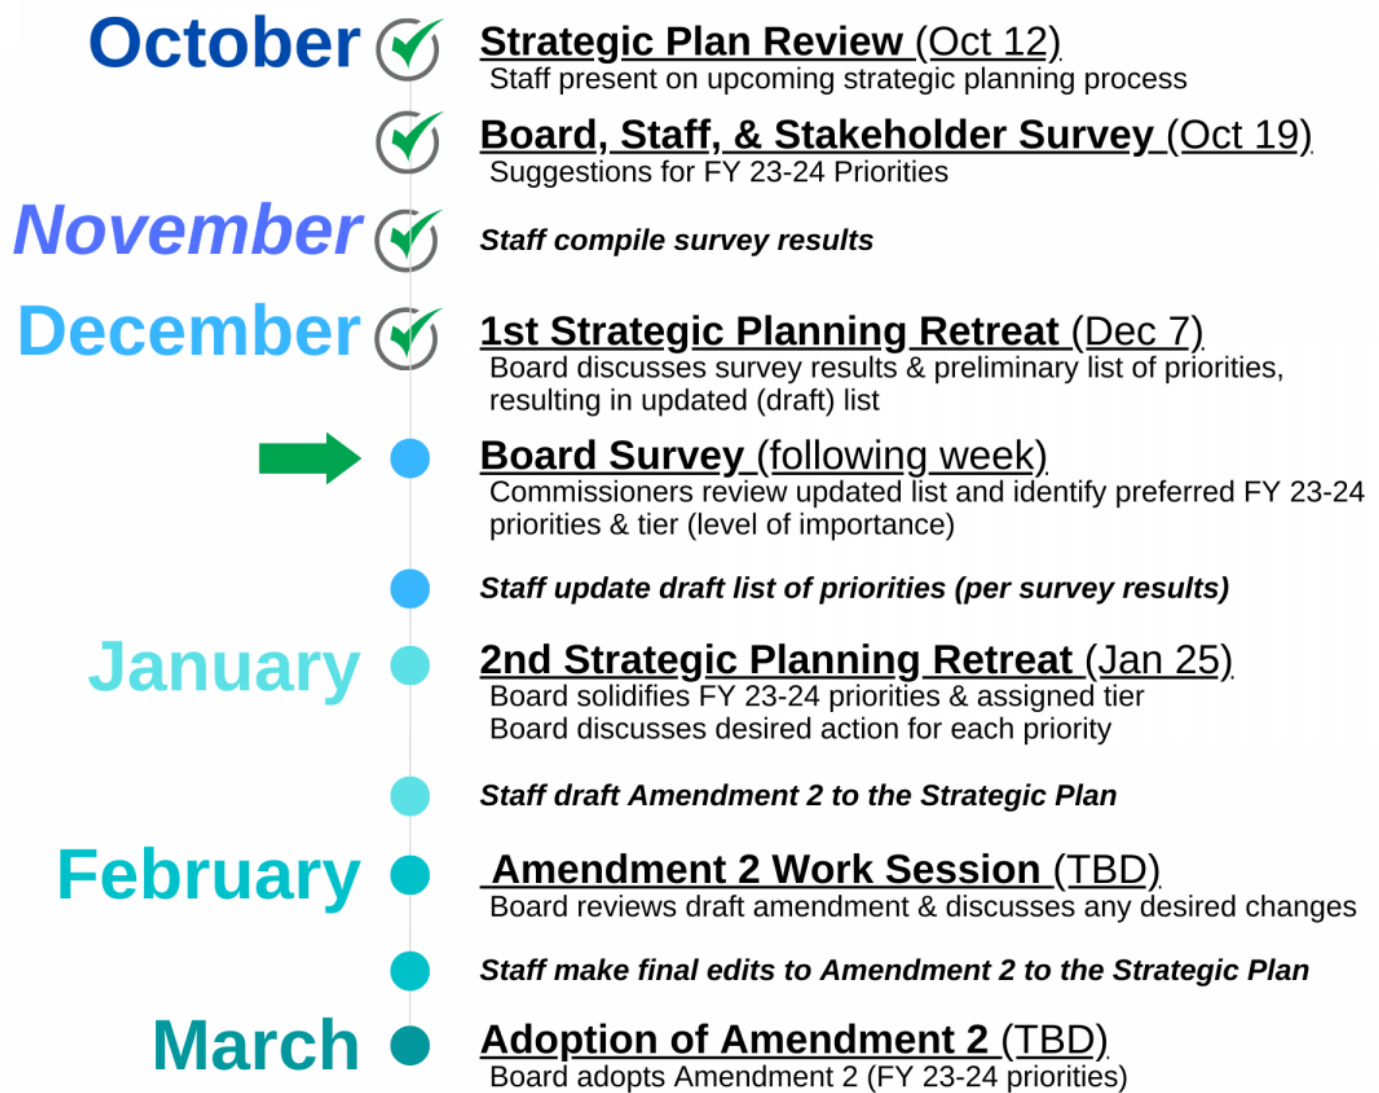

Clatsop County began its year-long strategic planning process in January 2020.

This **collaborative effort** engaged elected officials, staff, stakeholder groups, and the general public and was conducted in partnership with the [Center for Public Service](#) at Portland State University. The result is the County's **new Strategic Plan**, adopted by the Board of County Commissioners in January 2021.

In June 2022, the Board adopted the first amendment to the Strategic Plan (**Amendment 1**), establishing new **FY 22-23 priorities** (effective July 1, 2022). Some FY 21-22 priorities (or certain parts of them) have carried over into FY 22-23.

Currently, the Board is in the midst of **developing new priorities for FY 23-24** (July 1, 2023 - June 30, 2024). See the section below ("Our Current Strategic Planning Process") for more information.

Our Current Strategic Planning Process

During our annual strategic planning process, the Board of County Commissioners establish new and/or continued priorities to carry out the County's mission in the upcoming fiscal year.
